MONMOUTH GENERAL HOSPITAL.

Annual Meeting.

REPORT OF THE COMMITTEE.

THE ANNUAL MEETING of Subscribers and Friends of the Monmouth Hospital was held on Wednesday the 27th February, 1929. The Rev. C. W. Griffin presided and those present were—Mrs. Levett, Mrs. C. M. Crompton-Roberts, Mrs. J. R. Harding, Mrs. Gilliat, Mrs. W. H. Williams, Mrs. Twiston Davies, Mrs. Briggs, Mrs. O. L. Jones, Mrs. Armstrong Willis, Mrs. A. T. Blake, Mrs. Griffin, Miss Armstrong Willis, Miss Skinner, Miss Mastin, Miss Constantine, Rev. S. W. E. Gilliat, Rev. C. F. Reeks, Rev. A. H. Sayers, Rev. G. Evans, Mr. W. Levett, Mr. W. Hughes, Ald. A. T. Blake, Sir. John Seale, Mr. Horace Bailey, Mr. J. E. Briggs, Mr. Densham and Mr. F. Elcock.

The following Report was read by the Rev. S. W. E. Gilliat, who had been acting as temporary Hon. Secretary

In the past year, 165 in-patients, nine fewer than in the previous year, were treated in the wards of the Hospital. Of these, 137 were adults (75 males, 62 females), and 28 were children (21 boys, 7 girls). The number of children cases shows a marked decline from the 44 received in the previous year. On the other hand, the adult male cases have never been quite so numerous. Notwithstanding the net reduction of nine patients there has been a fuller volume of Hospital work, for the records show that there were 162 operations and 125 X-ray examinations, compared with 152 and 108 respectively in the previous year.

The out-patients numbered 649 compared with 1177 in the previous year—a quite explicable reduction as it was due to the discontinuance of free dispensing for out-patients which was adopted as a necessary measure of economy after twenty months trial on 1st March, 1928, in accordance with the resolution at the last General Meeting.

In the following table, comparative figures of all the

patients for the past three years are given, and the usual particulars of the in-patient cases, with statistics as to cost, and a Schedule showing the districts whence they have been received, will be published with this Report (see page 22).

	1926.			1927.			1928.		
	Adults.	Children		Adults.	Children		Adults.	Children

Admitted during the year -	63	62	30	68	56	42	74	60	25
	67	65	33	72	58	44	75	62	28
Total number of In-patients -	165.			174.			165.		
Total number of Out-patients	725.			1,177.			649.		
TOTAL NUMBER OF PATIENTS (In and Out)	890.			1,351.			814.		

The hon. treasurer's financial statement for the year, audited by Mr. Barry and Mr. F. J. Griffin (the hon. auditors appointed at the last General Meeting) is presented with this report.

The total ordinary income having amounted to £1,394 1s. 6d. and the ordinary expenditure (exclusive of the cost of the new operating table given by Capt. Twiston Davies) to £1,329 5s. 2d. there was a surplus on the year's working of £64 16s. 4d.

This result can be traced to three items in the account, first, the unusually high receipts from entertainment, &c., amounting to £322 8s. 4d.; secondly, a saving of about £86 in expenditure on rates consequent on the rateable value of the hospital being reduced from £107 to the nominal figure of £1; and thirdly, the saving that has accrued from the discontinuance of free dispensing.

The financial position has been further improved by the receipt of legacies and benefactions referred to in the account—including a legacy from the late president. When these special receipts, together with the balance from the previous year, have been added to the surplus on the year's working, the account closes with a credit balance of £294 18s. 1d. as against £86 16s. 8d. at the beginning of the year.

Reference has been made to the substantial funds that have been received from various organisations, and when we reflect upon the many varied sources that have yielded this income we are cheered by the whole-hearted support displayed by a host of friends. The Mayor, Alderman Hancocks, raised £74 by his dance; a similar amount came from Mr. Elcock's series of whist drives; the Llangattock-Vibon-Avel and District Ploughing and Agricultural Society sent £35 2s. 6d.; Mrs. Harding's doll defrayed the cost of several patients, as did the strenuous efforts of football teams; Sir William Seager, D.L., kindly provided the medals for the Hospital Cup Competition which, with its repeated re-plays for the Cup, produced more than in any former year; the members of the V.A.D. under the command of Mrs. Humphrey Williams conducted another successful Pound Day, and the Mayor with his band of helpers organised the Alexandra Day Collection. All this represents a solid amount of work, and we desire to broadcast our thanks to all those who participated in it, as well as to the regular subscribers and other donors, for the support they have given to the Hospital. We are glad to note that the Workmen's Contributions have increased from £34 to £48 and that there are several new contributions.

In remembering those who have rendered service to the Hospital, we have, unfortunately, to record the retirement of the Rev. Charles W. Griffin, who has served the Hospital with conspicuous ability in the capacity of hon. secretary since 1913. We take this opportunity of placing on record our appreciation of his valuable help throughout the past sixteen years. Pending the appointment of his successor by this general meeting, the committee have been fortunate in securing the services of the Rev. S. W. E. Gilliat as temporary hon. secretary.

It will also be the pleasing duty of this general meeting to thank the honorary medical staff for their services. Associated with them in their important work are the matron and nursing staff, and we desire to express our satisfaction with the way in which the Hospital continues to be conducted under the care of Miss Hull.

The year under review has seen the passing of our President, and the sense of bereavement that fell upon us with the news of his death in May last is borne in upon us at this annual meeting with fresh acuteness. For, with the exception of four occasions, Canon Harding has presided at each annual meeting for the last eighteen years, and to-day we are conscious of a loss to which it seems we can

responsible officer
of the Hospital).

scarcely ever grow reconciled. He was with us so long—a Nestor at our councils; informed and prudent in policy; authoritative in rule; efficient in mind and ideals; frequent in giving for the sustenance of the Hospital he loved so well. He played a leading part in the launching of the present Hospital. Prominent among the nucleus of reformers who chafed at the out-of-date conditions under which good work was being done in the old Hospital, Canon Harding became the staunch ally of the first Lord Llangattock who headed the progressive movement towards a new regime, and his donation to the Building Fund was a generous one. As chairman of the building committee he displayed sound knowledge and a practical grasp of the aim and objects to be achieved. With his liberal principles and efficient mind nothing but the best that was practicable was good enough for the vital task of ministering to the sick and suffering. Upon the death of the second Lord Llangattock in 1916, Canon Harding succeeded to the presidency and in the exercise of his office he commanded the loyalty of all who served with him. At the meeting of the committee in June his colleagues passed a resolution of sympathy with his family; and recorded their great sorrow at the passing of the President who had been foremost in support of the Hospital—who had helped so wisely and effectually in its management, and so generously with many gifts of money and in kind.

Mr. Horace Bailey, in proposing the adoption of the report, said that, taken on the whole, it could be considered very satisfactory. Referring to the resignation of Mr. Vizard as hon. Treasurer, he said, no words of his could adequately convey the immense service Mr. Vizard had rendered to the Institution for many years past and especially during the time he had been their treasurer. Not the least valuable of his efforts had been the excellence of the annual reports which Mr. Vizard had produced year after year, all framed with that clarity of expression and depth of detail which they all so much appreciated.

He was glad to know that of late years those reports had been filed with the idea of their being bound. In years to come such reports would form a very valuable record of the progress of the institution during a long and very important epoch. Mr. Vizard could rest assured that he retired from the treasurership of the Hospital with the good wishes of all and with their hearty thanks for the faithful service he had rendered the Hospital for so many years. Although retiring from the treasurership, he sincerely hoped, as he expressed at the last Hospital Committee Meeting, that Mr

Vizard would remain a member of the committee. Mr. Vizard's advice in the past had always been of great utility to them and they would be sorry to miss that advice in the future. (Applause).

The Rev. C. F. Reeks seconded the adoption of the report which was carried.

Mr. Levett proposed that the Rev. C. W. Griffin be elected President. Mrs. Harding seconded and the resolution was unanimously carried.

Mr. Griffin accepted the office, remarking genially "You have done me a great honour but it is a big let down to the Hospital ("No"). They had already heard in the report of the work done for the Hospital by the late President, Canon Harding. He felt it was a big task to try and step into Canon Harding's shoes. He took a keen interest in the Hospital, and desired to do everything in his power for its welfare. A search for a house had made him go away from Monmouth. Had he found a house closer to Monmouth he might have gone on filling the secretarial chair. That would have been much more comfortable for him. He thanked them very much for this honour. (Applause).

The Rev. C. F. Reeks after referring to the efficient secretarial work of Mr. Griffin, said they had present one who was well qualified to fill the vacancy. Mr. Gilliat had temporarily performed the duties of secretary. "He had been on trial and we are more than satisfied with his conduct during that period of trial." (Laughter). He therefore with every confidence and pleasure proposed Mr. Gilliat as the secretary. (Applause).

Mr. Hughes seconded. He said he was sure Mr. Gilliat would make a splendid successor to Mr. Griffin.

The resolution was unanimously carried.

At this point the President remarked that Mr. Vizard had been on the Hospital Committee since 1870 or 1871 and had been hon. treasurer for 40 years. For many years he had also been responsible for the reports they all so much valued. A way to secure Mr. Vizard's connection with the Hospital was to elect him a vice-president. They felt that if they wanted Mr. Vizard's advice they could always go to him. (Applause). He proposed Mr. Vizard as a vice-president.

Ald. Blake seconded, and the resolution was unanimously carried.

Ald. Blake said at the committee meeting they were sorry to hear of Mr. Vizard's retirement. They had heard what had been said and it was now unnecessary to say more. He had pleasure in proposing Mr. Briggs as the hon. treasurer. Mr. Briggs, he said, was now "a gentleman of leisure" and they could depend upon having his services.

Mr. Elcock seconded and the resolution was unanimously carried.

To fill a vacancy on the committee caused by the Rev. R. J. B. Lewis leaving the district, Mr. Elcock moved that the Rev. G. Evans, Monmouth Baptist Church, be elected.

Mr. Hughes seconded the resolution.

Mrs. Gilliat thought they should have someone on the committee from Whitchurch.

Mrs. Harding proposed Dr. S. B. Wyborn for the vacancy and Mrs. Armstrong Willis seconded.

The Rev. G. Evans said he would withdraw his name. Dr. Wyborn was then formally elected.

Sir John Seale proposed the re-election of the other members of the committee.

Miss Skinner seconded and the resolution was carried.

Mrs. Gilliat proposed the re-election of Mr. E. H. Jones as the collector.

Mr. Barry seconded and the resolution was unanimously carried.

Mr. A. L. Barry and Mr. F. J. Griffin were re-elected auditors, the resolution being proposed by Mr. Densham and seconded by Mr. Briggs.

The President said the vote of thanks to the medical staff and the nursing staff was always proposed from the chair. He said he did not think these staffs got much recognition for all their services. He hoped the patients who came there would realise the doctors gave their services entirely free of charge. A doctor coming to Monmouth always took his place at the Hospital and worked hard for its welfare. They owed them a debt of gratitude. The connection of the Matron, Miss Hull, with the Hospital went back many years and they were indebted to her for successful work.

Mrs. Blake seconded the resolution which was unanimously carried.

At the close of the meeting Mrs. Crompton-Roberts suggested that a maternity wing should be added to the Hospital. She thought Monmouth ought to have a Maternity Hospital. Although great strides had been made for the care of the children, the same could not be said of what was done for mothers. They had an appeal that day from the National Birthday Fund for maternity service, showing 3,000 mothers died every year and that many beds in hospitals were occupied with cases, the direct results of child-birth.

She believed she was right in saying the Ministry of Health in future would have power to come and say a voluntary association must provide for maternity and welfare service.

Mrs. Crompton-Roberts proceeded to express the opinion that a maternity wing at their Hospital would pay for itself in two or three years. She had talked to Lady Mather-Jackson who had a maternity hospital at Newport and was told they could get a grant of 50 per cent. for the maintenance of a maternity hospital.

The President said he thought the County Council had a big scheme on dealing with this matter.

Mrs. Williams said the County Council were starting a maternity hospital in Monmouthshire but mothers would not be going there from the district of Monmouth.

Mr. Hughes said the suggestion was an excellent one. He heard of a pitiable Monmouth case the other day which showed the necessity for a maternity hospital.

The Rev. S. W. E. Gilliat said there would be the additional expense of the nursing staff, maintenance, &c. The question was a vast one and would require a special meeting of the committee. Everything in matters like that was going to be revolutionised.

Proceeding, Mr. Gilliat said the House Committee of Monmouth Board of Guardians had been told the Monmouth Poor Law Institution would be "scrapped" and would be used solely as an infirmary. A Government Inspector had said Monmouth Poor Law Institution was an excellent site and they could make up their minds that under the fresh conditions it would be an Infirmary straight away. They did not know what would happen.

Mrs. Williams agreed the question would have to be carefully considered by the committee. Those connected with the District Nurse Association recognised the need of a maternity hospital. The District Nurse Association had had to turn down more than a certain number of maternity cases. "Monmouth is a most marvellous place," proceeded Mrs. Williams "and when they tackle a big subject they carry it through."

Mrs. Twiston Davies said her husband was attending the County Council meeting but he would help financially a feasible scheme for a maternity hospital at Monmouth.

Mrs. Levett said she would help forward a maternity hospital scheme. Monmouth she knew, did marvellous things. "We need not despair," concluded Mrs. Levett, "It is wanted. Let us try and do it."

Mr. Levett said it would be a great help if Mrs. Crompton-Roberts would let the committee know the amount of money likely to be collected.

The President said the proposal meant increasing accommodation not merely for a maternity ward but for nurses.

Mrs. Crompton-Roberts said her idea was that the new wing could be on the lines of a bungalow running into the garden. It would be another wing, separated from the Hospital. She handed in a plan of her scheme and thought the cost would be about £1,000 or £1,200.

The Rev. A. H. Sayers proposed the question be placed on the agenda for the next meeting of the committee.

Mrs. Levett suggested they should get to know what money would be forthcoming for the scheme.

The resolution proposed by Mr. Sayers was agreed to.

The proceedings closed with a vote of thanks to the chairman, proposed by Alderman Blake.
